## BattiCUoRe PoliPlast

Poliplast nasce nel 1970 da una felice intuizione del fondatore Narciso Bevilacqua che, con passione e determinazione ha rivoluzionato il modo di concepire l'accessorio per arredamento, introducendo i polimeri come materia prima di costruzione. Dopo più di quarant'anni di attività, quella passione è ancora accesa, un battito vitale che ci permette di offrire ai nostri clienti sempre il meglio nella progettazione e realizzazione di pomoli, maniglie e piedini di qualità, complementi che, oltre a svolgere la loro naturale funzione, siano capaci di suscitare un'emozione, un palpito al cuore.

Poliplast was founded in 1970 by a happy intuition of the founder Narciso Bevilacqua who, with passion and determination, has revolutionized the way of conceiving decor accessories, introducing polymers as a construction raw material. After more than forty years, that passion is still on, a life beat that allows us to offer our customers the best in design and implementation of knobs, handles and feet of quality, complements which, in addition to performing their natural function, are able to elicit an emotion, a throb to the heart.

Cosa Ci isPiRa  
What insPiRes Us

MaDe  
in italy  
beat

I nostri prodotti vengono ideati, progettati e realizzati totalmente in Italia. Ci prendiamo cura dei particolari che costituiscono gli ambienti in cui viviamo ogni giorno, ricerchiamo soluzioni sempre più efficaci mettendo il cuore in ogni singola fase della fabbricazione di un accessorio.

Our products are entirely designed, engineered and manufactured in Italy. We take care of the details that make up the environments in which we live every day, we are looking for effective solutions and we put our heart in every single phase of the manufacture of an accessory.

Design e innoVaZione

# liFe stile beat

Nel progettare i nostri articoli esprimiamo il meglio del design italiano, con forme capaci di catturare l'attenzione e volumi che sanno donare il piacere di utilizzare un prodotto in modo facile e naturale. Design e innovazione sono i fattori principali che caratterizzano le nostre creazioni.

La ricerca di nuove forme – un lavoro che svolgiamo costantemente, un impegno continuo per fornire nuove idee e nuovi complementi per l'arredamento contemporaneo e del futuro.

When designing our products, we express the best of the Italian design, with catchy shapes and volumes that give the pleasure to use a product in an easy and natural way. Design and innovation are the main factors that characterize our creations. The search for new shapes is something we do constantly, an ongoing effort to provide new ideas and new accessories for the contemporary and future decor.

PRoDUZIONE  
PRoDUCTION

# HUMMan beat

Poliplast un mondo fatto di umanità e impegno, di partecipazione e di dedizione.

La caratteristica che ci distingue è la passione che mettiamo in tutto ciò che facciamo: dalla selezione dei materiali alla progettazione, dalla produzione al controllo della qualità.

Ci prendiamo anche cura dell'ambiente, l'energia che utilizziamo è verde, derivante da impianti fotovoltaici di proprietà.

Poliplast is a world made of humanity and commitment, participation and dedication. The feature that distinguishes us is the passion we put into everything we do: from the selection of the materials, to the design, production, and quality control. We also take care of the environment; the energy we use is green, produced by photovoltaic systems.

# INFO

Il catalogo è suddiviso in tre sezioni: pomoli, maniglie, piedini.  
Di seguito sono riportate le indicazioni per consultare il catalogo nel modo corretto.

*The catalogue is divided into three sections: knobs, handles, feet.  
Below are the instructions to view the catalogue in the correct way.*

## linea CiFRaX

Disponibili dal zero al nove, con le maniglie Cifrax finalmente potete dare i numeri in arredamento.

Particolarità importanti della serie Cifrax sono l'uniformità delle dimensioni e degli interassi di fissaggio che consentono un perfetto allineamento dei numeri in fase di montaggio.

*Available from the zero up to the nine, by the new handles of the Cifrax line you can finally, "give the numbers in the furnishing". Important and peculiar characteristic of the Cifrax line is the uniformity of the overall dimensions and of the distance between the fixing hole centers, which allows the perfect alignment of the numbers in the assembling operations.*

## sisteMa CoMbi

Combi è un sistema componibile mediante il quale è possibile generare piedini di varie altezze. Combi è costituito da 6 elementi realizzati in materiale plastico di alta qualità e sono disponibili nella finitura alluminio RAL 9006. Combi offre il vantaggio di risolvere in modo agevole tutte le problematiche legate alla variabilità delle quote presenti nei "programmi" degli arredamenti moderni. Combi è regolabile.

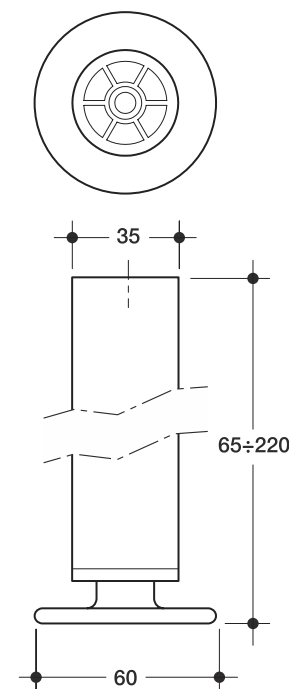

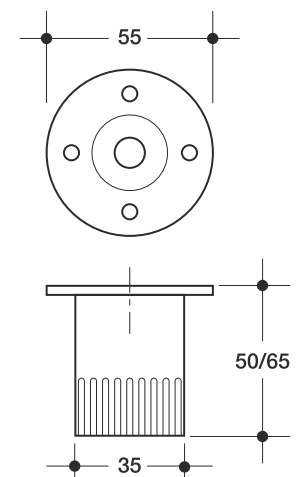

*"Combi" is a modular system for the realisation of adjustable feet of various heights. Combi consists of 6 pieces made of high quality plastic with an aluminium RAL 9006 finish.*

*With Combi the difficulties related to the varying heights of the modern furniture ranges are overcome with the greatest ease.*
